Make the House Blocks

1 Draw a diagonal line from corner to corner on the wrong side of each white print $3\frac{1}{2}$ " square. Lay a marked square on one end of a $3\frac{1}{2}$ " x $6\frac{1}{2}$ " rectangle, right sides together as shown. Sew on the marked line. Trim $\frac{1}{4}$ " from the stitching line. Press the seam allowances toward the corner. Lay another marked square on the opposite end of the rectangle as shown; stitch, trim, and press as before to make a flying-geese unit for the roof.

2 Sew a 2 " x $2\frac{1}{2}$ " house rectangle to the top of a $2\frac{1}{2}$ " x $3\frac{1}{2}$ " door rectangle. Press the seam allowances toward the house rectangle. Sew matching $2\frac{1}{2}$ " x 5" house rectangles to the sides of the unit. Press the seam allowances toward the house rectangles.

3 Sew a roof unit to the top of each house unit. Press the seam allowances open. Join an assorted green $2\frac{1}{2}$ " x $6\frac{1}{2}$ " rectangle to the bottom of each unit. Press the seam allowances open. Add a white $2\frac{1}{2}$ " x $6\frac{1}{2}$ " rectangle to the top of each unit. Press the seam allowances open. The blocks should measure $6\frac{1}{2}$ " x 12".
